2022 Feature Programs

LET'S STAY COOL WHEN IT GETS HOT.

Keep yourself and your family safe during extreme heat events. Hot weather can be deadly—especially for seniors, infants, and people with pre-existing health conditions.

When extreme temperatures are forecasted in our region, the City activates its Extreme Heat Operational Response Plan to help keep Burnaby residents safe.

It's important to know what resources are available, and to have a plan in place to keep you, your family and your loved ones safe. Drink water, stay cool, know the signs of heat stroke and heat exhaustion, and check in with vulnerable family, friends and neighbours.
